FOOD SERVICE NEWS

Savannah helping out with dishes at Rustic 440!

April helping where needed at Rustic 440.

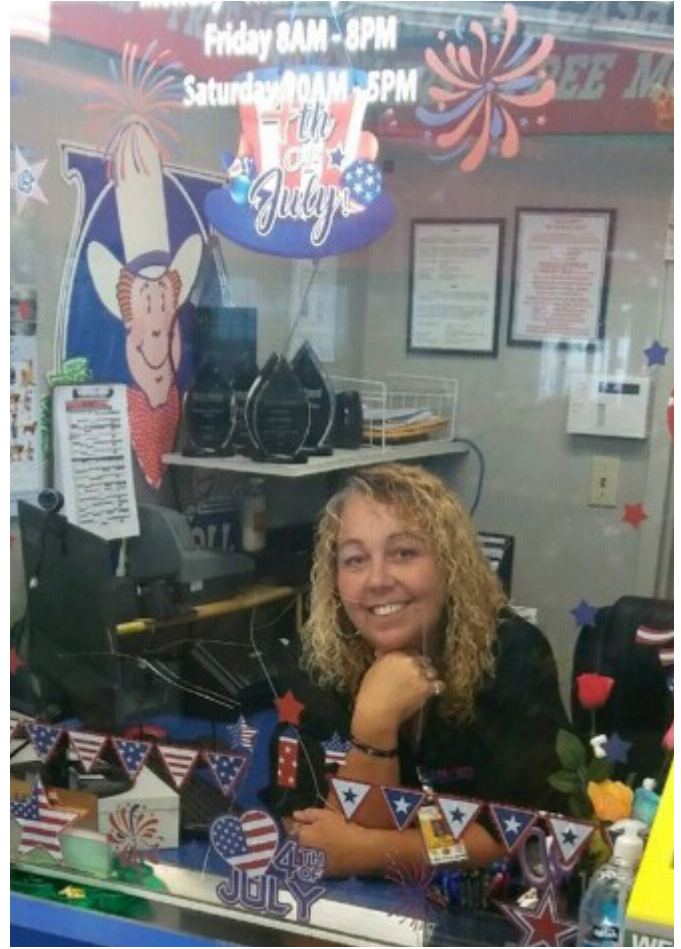

Rustic 315 welcomes back Kimberly to the Team!

MR. PAYROLL NEWS

Many of you may be asking, "Who is that beautiful woman in that burgundy dress?" Well, I'm here to tell you it is none other than our 4th of July birthday girl. That's right, Miss Nell (2306), all dressed up and always with somewhere to go. Happy Birthday, Miss Nell!! July 4th is only one day, but you are a firecracker all year long.

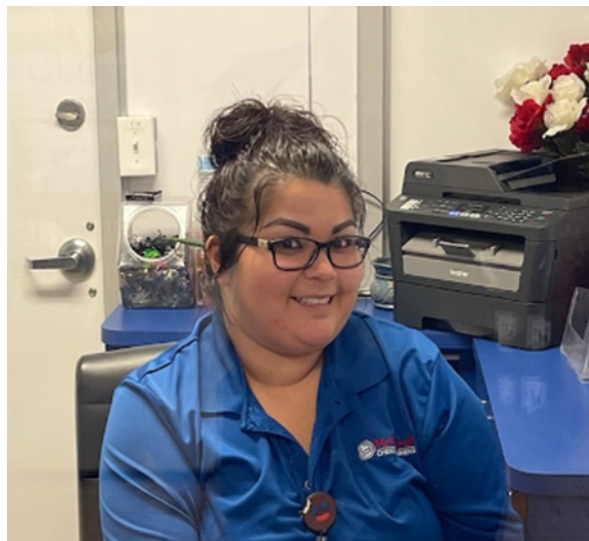

Linda, the Manager of 2211, had her booth looking very patriotic for the upcoming Independence Day. Vikki worked at 2211 earlier this week and her bright smile helped make that location look even more festive.

And this lovely little lady... no, not Rebecca (2301), the other lovely little lady is Rebecca's brand new and very first Great Grandbaby. That's right, Rebecca is now a Great Grandmother; Aria Sheree was born on June 21st. Congratulations, Rebecca!!

MR. PAYROLL NEWS

MAY YOU BE PROUD
OF THE WORK YOU DO
THE PERSON YOU ARE
AND THE DIFFERENCE
YOU MAKE

Our Kent Moment for the week goes to Elizabeth from Mr. Payroll at store 302!

I just want to say thank you, Elizabeth, for all the hard work you do. Never does a day go by that Elizabeth doesn't try to help in between her Guests at Mr. Payroll. She helps with truck, back stock, drive-thru, everything. She never leaves without seeing if we have a line of Guests. She is truly amazing and it's a blessing to have her here. Thank you again for all your hard work!

-Deedra

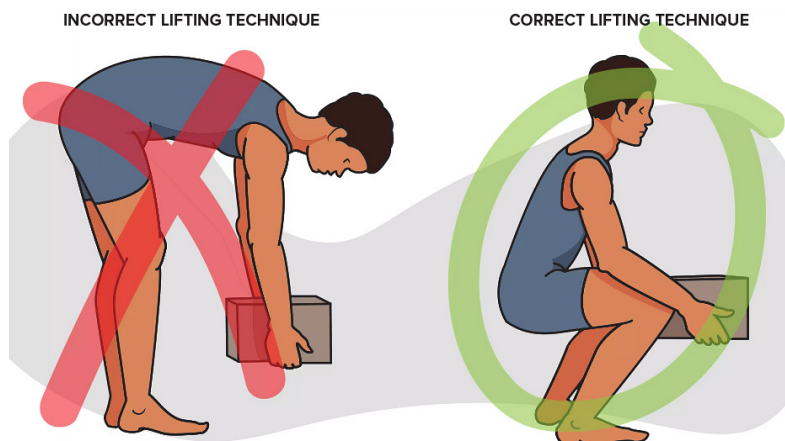

Miss Nell, Rebecca, Linda, Vikki, and all the Mr. Payroll team want to wish everyone a very Happy and Safe 4th of July!!!

SAFETY NEWS

Safety Action for the Week – Prevent Lift Related Injuries

Almost every job requires some element of lifting and carrying supplies, products, or tools. While seemingly simple, improper lifting technique could result in an injury. According to the National Safety Council's data, 25 percent of all workplace injuries are a result of poor lifting and carrying techniques. In most cases, **these injuries are preventable** if the individual doing the lifting "thinks before they lift" and either uses proper lifting technique or gets assistance in lifting heavier objects.

With the goal of preventing work related injuries, here are some Do's and Don'ts when you are lifting.

Do:

- Stay in good physical shape, especially if lifting and carrying heavy materials are daily activities
- Be honest with yourself! You aren't as young as you once were and your body may not be accustomed to heavy lifting
- Seek assistance or break the load down into lighter/more manageable portions
- Make sure the path is clear BEFORE you begin the lift
- Ensure you have a solid grip before lifting
- Test the weight of the object before lifting to avoid strains
- Check to make sure you have stable footing before you begin the lift
- Keep your body close to the object and stand in a stable position
- **Always lift with your legs**, relieving the stress on your back

Don't:

- Twist as you lift (this is extremely hard on the spine)
- Lower the item if you are not in a stable position
- Lift an item that is too heavy, or possibly too heavy
- Lift heavy items above your shoulders or below your knees

We value every Team Member and appreciate your hard work and dedication in taking care of every Guest that walks into your business. Please work safely, so that at the end of your workday, you can return home unscathed and ready to stay in the fight!

Stay safe. Stay aware. Stay clean.

Until next week,

The Safety Guy
