SAFETY NEWS

KEEPING SAFETY IN SIGHT

As we did last year, we ended the year hoping for COVID to be gone and the New Year to bring new and exciting things. Most of us bring in the new year with those thoughts. As with any end of year memo we want to remind you to be safe while ringing in the new year. We all know someone who can take us home safely. Uber will have deals for you, you can even call me, and I will help. I would bet I will not be able to drive you home, but I will know someone who can.

Speaking of helping did you know, we have a web site called making your job easy, <https://makingyourjobeasy.com/> ? This website offers you a place to find information. It also gives you a place to find who to contact. I would be willing to speak for all of us that Nothing is Too Small.

Please keep that phrase in mind as we go into the New Year. This phrase came from an author named Jerry Bridges. In the complete phrase it says: "The great antidote to anxiety is to come to God in prayer. We are to pray about everything. Nothing is too big for Him to handle, and nothing is too small to escape His attention." This thought has stuck with me through the years and as we see so much negativity in the News and over dramatization of various subjects try to remember this phrase "Nothing is Too Small." We must continue Keeping Safety in Sight and understanding we can all make a difference.
