When one of our Guests was filling up their tires with air a plug on the front tire fell off. Our Team rushed over and helped put on a spare so she could get it fixed. The Guest was so impressed with our Team's service she asked to tip. Our Team refused, but mentioned that we are holding a PBRC charity drive soon and recommended her to donate to their organization, which she did on our behalf. A great moment showing off the best Team, and Guests in the world!
