PRINCE SIGNS NEWS

The Prince Signs Team was rockin' around the Christmas tree and had a great time at their holiday party.

TOM THUMB SIGNS NEWS

The Southern Region Leadership Team gathered for the end of your team appreciation event at K-1 Racing, where we competed in go-karts and video games.

We were joined by are partners from Zuma & Sons Distributors, Danny Zummaraga and Rick Rodriguez. Zuma was very generous to sponsor our event and we are extremely grateful for their continued support.

We had an outstanding time, not that anyone in this group is competitive!

Our Deli stores are taking an active approach in sampling in order to get more Guests to taste our quality products. We were sampling some Mac & Cheese bites, and delivering pizza to nearby businesses so the managers can introduce themselves and hopefully create new Guests.

BOUNTYLAND NEWS

Ashleigh and Evelyn showing off our new fresh doughnut case at 716!

The Guests are already loving this new item! We sold out on day one!

SAFETY NEWS

Keeping Safety in Sight

Nothing is too Small!

Safety Definition: to ensure safe and healthful working conditions for TEAM MEMBERS by setting and enforcing standards by providing training, outreach, education, and assistance.

Practice Fire & Carbon Monoxide (CO) Safety During Cold Weather

Space Heaters

- Keep combustibles at least three feet away.
- Use a wall outlet and never a power strip.
- DO NOT leave running unattended or for prolonged periods in a confined space to reduce hyperthermia hazards.

Generators

- Use portable generators outside only, at least 20 feet from home, and direct exhaust away from home and any other buildings.
- Never use a generator inside a home, basement, shed or garage, even with the door(s) open.

Smoke & CO Alarms

- Install smoke alarms on every level of the home and inside each bedroom.
- CO alarms should be placed on every level of the home and outside sleeping areas.
- Test the alarms every month to make sure they are working.

During cold weather, ensure fire and carbon monoxide safety by keeping space heaters three feet from combustibles, using wall outlets instead of power strips, and never leaving them unattended.

Operate generators outdoors at least 20 feet from buildings, directing exhaust away from occupied spaces. Avoid using generators indoors, including garages or basements.

Install smoke and carbon monoxide alarms on every level of your home and inside bedrooms, and test them monthly to ensure they work properly. These precautions help prevent fire hazards and CO poisoning.

(Operations Manager)
& Tessa Family Nurse
Practitioner (FNP-C)

Amber, Medical Assistant
(MA).

REVIEWS OF THE WEEK! WESTEX 9107

"I needed to have my bi-annual DOT Physical, and with that said from the front desk to the Physician, it was all very professional, mannerly along with respectful. The atmosphere was light. I was in and out of there in no time. It exceeded all expectations."

"My son got sent home from school with a fever and it's so easy and convenient to go see the wonderful staff at West Tex! They are always friendly and quick and thorough! It's weird to say we love an urgent care but we love all of the staff members! I would highly recommend the West Tex behind HEB on the loop!"

Linda has been with WesTex Urgent Care since 2016, as the compliance manager, as well as newsletter and morale support! She is from a non-medical background, working in education for over 30 years. Linda taught 1st through 8th grades, as well as graduate students at UTPB, and was an elementary school principal for over 13 years.

Linda has been married to her high school sweetheart, Bob, for 58 years in January. Together they have 3 married children, Chris & his wife, Tricia, in North Lake Tahoe, Kevin & his wife, Jill, in North Carolina, and Michelle & her husband, Terry, here in Midland. She has been blessed with two wonderful grandsons, Tristan (17 years old) and Bridger (almost 2 years

old). Both currently live in North Lake Tahoe. Living in a barndominium, with horses below, she has LOTS of animals around her, including her 2 horses (Gunny 28, and Jolie 16).

Most of her time and hobbies revolve around her grandsons and her animals! Additionally, she enjoys photography and traveling.

DC NEWS

This Team at the Distribution Center is also enjoying a little extra time together getting into the Christmas Spirit. Merry Christmas!

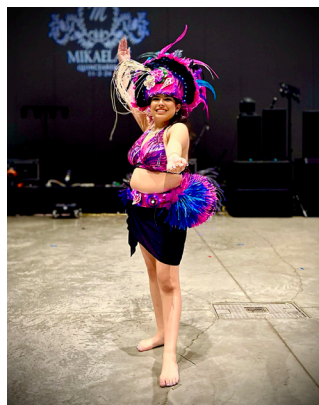

KENT KWIK NEWS

On Saturday, Kent Kwik Team Members volunteered at the Jingle Bell Run and served over 700 cups of hot chocolate. A big thank you to everyone who volunteered!

Michael Martinez, Kent Kwik 321 Manager, is all smiles at his daughter's quinceanera. Congratulations to Michael and his family.

Happy Birthday to Jennifer from your family at 262.

Congratulations to store 904 for scoring 100% on their Image Inspection!!

Great job to the following stores for scoring 100% on their Period 11 Customer 1st Mystery Shop.
