MR. PAYROLL

Meet Dalila Watts, Mr. Payroll Teller!

Dalila joined The Kent Companies after moving from San Diego, California to Honolulu, Hawai'i, where she created her family and raised three children. Growing up around the ocean shaped her laid-back personality, and being near the water remains an important part of her life.

Outside of work, she enjoys swimming, organizing, barbecuing, and listening to music. She spends much of her free time with her children, staying close through conversation, laughter, and grilling. For Dalila, peace comes from family, good food, and the beach.

Something most people don't know about her is that she's a proud Trekkie.

SAFETY NEWS

Keeping Safety in Sight

Nothing is too Small!

Safety Definition: to ensure safe and healthful working conditions for TEAM MEMBERS by setting and enforcing standards by providing training, outreach, education, and assistance.

As the last unofficial weekend of the summer approached, Jake and Mia eagerly packed up for a Labor Day getaway with their family. Celebrated on the first Monday in September, Labor Day honors the contributions of American workers and marks a time for rest, reflection, and celebration.

With “Keeping Safety in Sight” as their guiding principle, Jake and Mia took time to prepare by checking the weather, inspecting their vehicle, and reviewing safety plans for grilling, boating, and outdoor fun.

On the first evening, while everyone gathered around the campfire, Mia leaned back in a folding chair that hadn’t been fully secured. With a surprised yelp and a soft thud, she tumbled backward into the grass. Thankfully, she wasn’t hurt, “Nothing but her pride anyway” — just a little embarrassed and a lot amused. The family shared a good laugh, and it served as a gentle reminder to double-check even the simplest things.

Their thoughtful actions — and a few unexpected lessons — helped them avoid common holiday hazards, turning a potentially risky weekend into a safe and joyful celebration filled with lasting memories.
