## KENT KWIK NEWS

### Guest Service Shoutout! Tiana, Olivia, Shane, and Valentino at 470

Shoutout to the entire weekday morning team at 470, who recently received a heartfelt Guest review recognizing them for the incredible impact they've made on a local family. We are so proud of each and every one of you!

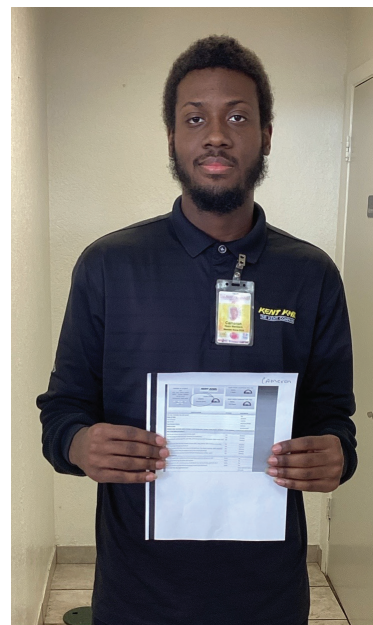

“Our 6-year-old son is non-verbal and absolutely loves donuts. By his third visit to Kent Kwik, the team already remembered him. Four months later, they greet him every single day by guessing whether he'll pick the blue or green frosting donut, bragging to each other when they score a high five, and asking about his life like they genuinely care. When you have a child with special needs, you know the world is going to be harder for them, so when an entire team collectively lights up every morning when they see your child, it means everything. They help set the tone for his whole day, and our family looks forward to seeing them just as much as he does.”

**KENT KWIK**

Shoutout to Samuel at 485 for his quick thinking and composure during a recent emergency at the pumps. When a Guest's car caught fire, Samuel acted fast — taking every precaution to ensure the safety of everyone on site and shutting down the gas pumps without hesitation. That kind of calm under pressure doesn't go unnoticed.

We are so proud of you, Samuel, and are truly grateful to have you on our Team!

Cameron at 601 brought home a perfect 100% on his Mystery Shop! That's what excellence looks like. We are incredibly proud of you, Cameron — thank you for representing Kent Kwik the right way!

**Our stores in Fayetteville, TN, recently participated in the Annual Slawburger Festival!**

Shoutout to our Midland (325, 306, 327) and Odessa (222, 219, 221) stores for crushing the launch of our new Chocolate, Carrot, and Red Velvet cakes! These are now live in test mode and we could not be more excited. Thank you to all of the teams involved — your hard work and support mean everything!

**The legendary Budwesier Clydesdales visited 222!**

**Kent Kwik partnered with Chevron to donate \$35,000 to a local school!**

Kent Kwik was honored to have partnered with Chevron to gift \$35,000 worth of classroom technology to Barbara B. Yarbrough Elementary School in Midland, TX, last week. This donation included 10 CleverTouch interactive boards and 20 iPads for nearly 400 students. Moments like these are so special to our company, and we look forward to more opportunities to give back to the communities that give so much to us!

# HQ NEWS

Jesse in the Human Resources Department's oldest daughter, Tanner, ran her first Boston Marathon this past Monday. She has been training for the past 3 years. We are all so proud of her. Congratulations, Tanner!

# WESTEX NEWS

WestEx Urgent Care recognizes and thanks our April Years of Service recipients!

Sabrina, Medical Assistant/NCT at Moises, 8 Years.

Moises, Systems Administrator/NCT, 7 Years.

Brittany, Medical Assistant/NCT at 9112, 9 Years.

Teresa, WestEx Urgent Care Family Nurse Practitioner (FNP-C) at 9112, and Shawndra, Director of Operations, went to the Urgent Care Association conference in Chicago, Illinois, from April 11-14. Teresa was awarded Provider of the Year at the 2026 Kent Companies Award Banquet.

The Team at WesTex Urgent Care 9109 was excited to see the Budweiser Clydesdales right outside their door! The Clydesdales haven't been to the Permian Basin in 25 years, so we were excited to help them celebrate their 150th birthday.

RJ, Director of First Impressions/NCT and Perla, Medical Assistant/NCT.

Mary Kay, Family Nurse Practitioner, and Linda, Compliance.

Erika, 9109 Clinic Manager, and family.

The Clydesdale getting his 'feathers' cleaned and brushed outside of 9109.

Sabrina, Medical Assistant/NCT and her son.

WesTex Urgent Care has added IV Therapy to their growing list of services! Patients can choose from five drips — each targeting different wellness needs like hydration, energy, immunity, and recovery. The service is available by appointment only at 9107, 9108, and 9109. To schedule, patients can head to [westexurgentcare.com](http://westexurgentcare.com). Congrats to the WesTex team on the exciting new offering!

**REVIEWS OF THE WEEK!  
WESTEX 9107**

“Great service! They were fast and friendly. Excellent bedside manner. I would recommend anytime!”

“They were amazing with my dad today! After being at the ER on Friday, we were sent home. He was still having chest pains today. They diagnosed him with a heart attack and saved my dad's life! Thank you for all you do.”

# MR. PAYROLL NEWS

Teller at 2303, Rosa, enjoyed a well-deserved vacation with her family last week in beautiful Puerto Peñasco, Mexico.

She also celebrated her birthday on Saturday, April 18th. Happy birthday Rosa, we appreciate you and all you do!

# SAFETY NEWS

## Keeping Safety in Sight

Nothing is too Small!

At any given time, **nearly 1 in every 10 U.S. roads is under some form of construction.** Even if you don't see cones every day, work zones are closer than you think.

Work zones are active, high-risk environments where one moment of distraction can change lives. Rear-end collisions are the most common work-zone crashes, often caused by speeding or inattention. Every 14 minutes, a work-zone crash occurs — and most fatalities involve drivers and passengers, not workers. Slowing down, staying alert, and obeying signs and flaggers are simple actions that save lives. Work zones exist to improve roads and keep communities moving forward. When drivers respect these areas, they help protect workers, travelers, and themselves.

Keeping Safety in Sight means making smart choices every mile, every day.
