SAFETY NEWS

Keeping Safety in Sight

Nothing is too Small!

Never Chase!

Do not chase a suspected shoplifter inside or outside the store. Chasing creates serious and unnecessary safety risks for Team Members, Guests, and the surrounding community. No merchandise is worth an injury, confrontation, or escalation.

Keeping Safety in Sight means:

- Deterrence, not confrontation
- Awareness without accusation
- Safety over property, every time

If shoplifting is suspected, use friendly Guest engagement and stay alert. Under no circumstances should a Team Member pursue a Guest.

Enter an incident report and contact the local Police Department and get an incident number.

Keeping Safety in Sight is not optional—it's the expectation.
