KENT KWIK NEWS

This week's Max's Heart of Texas recognizes KC Stanley from Store 211 — someone whose growth in less than a year with Kent is a great example of what can happen when pride, consistency, and opportunity come together.

KC has continued to earn greater responsibility, progressing from Team Lead to Assistant Manager. When his store needed someone to step up, KC stepped up. He took ownership, helped provide stability, and made sure the standards our Guests expect never slipped. His pride in Store 211 can be seen in its consistently strong conditions and in the compliments he's received from both Guests and members of our Home Office Team.

What stands out most is the genuine care KC brings to his work. He wants things done right, wants Guests to feel welcome, and takes real pride in the place and the people he helps lead.

KC, we see your growth, appreciate your commitment, and are proud of the leader you are becoming. Keep growing, keep taking pride, and keep making a difference.

That is the Heart of Texas.

A big congratulations to Pricilla at 328 on her promotion to Store Manager! This is a big step in her career, and we're excited to see Pricilla continue to grow and make an impact as a leader.

Congratulations on this well-deserved promotion, Pricilla!

Wishing Dayton at 616 a very happy 18th birthday and a great start to his senior year of high school! Two exciting milestones at once — enjoy every moment and make it a year to remember!

SAFETY NEWS

Keeping Safety in Sight

Nothing is too Small!

Football season brings excitement, school spirit, and busy Friday nights. With more vehicles, buses, pedestrians, and young drivers on the road, everyone must take extra precautions when traveling to and from the game.

Keep these safety reminders in mind:

- Put your phone away and stay focused on the road.
- Slow down near schools, stadiums, parking lots, and crosswalks.
- Watch carefully for students and families walking between parked vehicles.
- Allow extra travel time and remain patient in heavy traffic.
- Never drive after consuming alcohol or taking medication that causes drowsiness.
- Make sure everyone is buckled up before the vehicle moves.
- Use extra caution after the game, when visibility is limited and traffic is congested.
- Remember that fatigue can affect your driving—stay alert and take a break when needed.

Whether you are attending the game, working Friday night, or traveling through the area, make safety your most important play.

Keep Safety in Sight: Enjoy the game, support your team, and make sure everyone gets home safely.
